CWS series
Water strainers

CWS Cooling water strainers

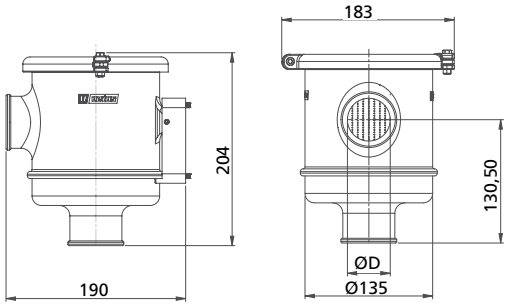

Full metal jacket filters, type CWS. For installations where the cooling water strainer must be mounted close to or below the waterline and for commercial applications. VETUS nickel plated bronze cooling water strainers are an ideal solution. The cover is removable with only one screw. Tested up to 7 bar overpressure.

This filter is available in 3 different sizes from G1, G1 ¼ and G1 ½. Matching V-quipment hose connections are available separately, see table below for item numbers. The CWS filter body measures ø183 mm by 204 mm and is available in 3 models:

- the 1" connection (suits 25,4 mm and 31,8 mm hose connectors)
- the 1 1/4" connection (suits 31,8 and 38,1 mm hose connectors)
- the 1 1/2" connection (suits 38,1 mm hose connectors)

Type	Matching hose connector*			Hose size	Recommended input (l/min.)
	Bronze	Brass	Brass II		
CWS1	HPB1	HPM1	SLP125	25,4 mm - 1 inch	91
CWS1¼	HPB11/4	HPM11/4	SLP11/438	31,8 mm - 1¼ inch	143
CWS1½	HPB11/2	HPM11/2	SLP11/432	38,1 mm - 1½ inch	200

* The hose pillars need to be ordered separately

Summary

- Housing of nickel plated bronze
- Cover of polycarbonate
- Filter element of stainless steel (AISI316)
- Mounted bracket of nickel plated bronze
- Can be mounted near or below the waterline
- V-Quipment hose connections available separately
